

Gafa

Gafa jumps like a bungee rope when I jab him softly in the ribs, but he never gets me back. Gafa always loses at the jabbing game, he is really bad at the jabbing game.

Gafa likes soccer, eating, sucking chocolate, computer and playing outside and inside. He eats for about 9 minutes everyday at lunch and morning tea.

Gafa has long black hair, a rat's tail, brown eyes, long arms and short legs he is really tall and he is cute like a baby and he is smooth like a baby's bottom.

Gafa's personality is funny when he tells jokes, sometimes he is really scary when he comes up to me and says boo! He is really ticklish when I tickle him. He is a monkey and he is a special friend.
